

1. Where is your server/data centre located?

We have our application hosted at the U.S., Europe, and AU data centers. You can choose to host your data at either of these data centers.

2. What data do you store in your servers?

We only store minimal customer contact information and SMS data in our servers.

3. Is Screen-Magic ISO 27001 compliant?

Yes, Screen-Magic is ISO 27001 compliant. We have received our certification in 2017. Please contact care@sms-magic.com for more information.

4. Is Screen-Magic GDPR compliant?

We are working on the GDPR compliance project. Please visit the [GDPR](#) page for current status and more information about GDPR.
