Configure SMS settings in Zoho Recruit

Configure the SMS add-on to send SMS messages to Candidates, Contacts, or Interviewers (in the Contact list).

Notes:

- Only the admin can purchase credits from an SMS Vendor and configure the SMS settings in Zoho Recruit
- Only the admin can create SMS templates for candidates, client contacts, and Interviewers
- Only the admin can send bulk SMS messages to candidates and client contacts
- Both the admin and recruiter can send SMS messages to interviewer, candidates, and client contacts—as either single or bulk
- Only the admin can give SMS add-on access to recruiters

Follow these steps to configure SMS settings:

1. Click on the Settings tab

2. Click on the SMS Settings in the right pane

3. Configure SMS Settings as follows:
    - Set the Vendor to Screen Magic
    - If you have already registered with SMS-Magic, enter the authentication details. If not, then it is first necessary that you register to obtain the authentication details.
    - Choose the phone fields for both Candidates and Client contacts

module and click on the **OK** button.

4. Purchase credits for sending SMS messages from SMS-Magic
